

WELDABLE LINERS

RHINO ARMOR

Labor is a resource that can be in short supply. Rhino Armor is a product that reduces installation time allowing other maintenance to get completed. Guaranteed to reduce installation labor, maintenance and run longer in the field.

With our in-house material blending capabilities, our superior knowledge in polyurethane chemistry, and our patented engineering designs, we bring you the next generation of the weldable liner for all of your toughest field situations.

**WITH -66% FEWER WELD PLATES OVER THE STANDARD WELDABLE LINER,
RHINO ARMOR REDUCES INSTALLATION TIME BY A 3RD**

PROVEN RELIABILITY FOR 40+ YEARS

WHAT MAKES RHINO ARMOR WELDABLE LINER TOUGH TO BEAT:

- // Reduce noise levels
- // Designed to protect against the toughest application
- // Reduce maintenance and downtime
- // Homogeneous build is guaranteed to not delaminate
- // Outlasts AR 400 Steels
- // Thickness from ½" to 2"
- // Available in sheets or custom sizes
- // Rhino Hyde Liner Plugs are provided with all Weldable Liners
